## The Call of the Canyon

Zane Grey (1872 - 1939)

Glenn Kilbourne returns from the Great War and travels to Arizona to regain his health. There he is nursed back to health by an Arizona girl, Flo Hutter. Kilbourne's fiancée, Carley Burch, arrives in Arizona but soon becomes disillusioned with life in the West and returns to New York. Carley soon learns that life in the Big City is not what she really wants. Should she return to Arizona? Will Glen still love her? Not only a great love story; Grey, as usual, describes the environment in all its glory.
